# welcome

Turner Syndrome (TS) is a chromosomal condition that describes girls and women with common features and is caused by complete or partial absence of the second sex chromosome. Common problems include short stature, premature ovarian failure, thyroid problems, and heart and kidney abnormalities. Turner Syndrome occurs in approximately 1 of every 2,000 live female births and is responsible for possibly 10% of all miscarriages.

*Lauren and Dan Patriss*

About 5 years ago my daughter Lauren was diagnosed with Turner Syndrome. Her slowed growth and lack of weight gain caused her to completely fall off of all the growth charts. Once Lauren started treatment, including medication for her hypothyroidism and human growth hormone shots, she grew over 8 inches in the

first year and nearly doubled her weight in the same amount of time.

As with many disorders, diagnosis and awareness is key. I knew a fundraiser would be a great way to help the Turner Syndrome Society of the US to get more resources for putting on educational seminars for families and health care professionals. Naturally, I looked to the great people of my extended gaming "family" and the gaming community as a whole, including players, designers and game publishers. This led to Gamers for Cures.

It is because of great and generous people like you that we are able to raise money for such an amazing cause. I thank you from the bottom of my heart for all of your generous support. With that support I am confident we can break this years goal of raising \$15,000 that we have set for ourselves.

*- Dan Patriss, Gamers for Cures*

The Gamer's Armory is proud and honored to be hosting the 4th Annual 24 Hour Board Game Marathon to help raise money for such a great cause. We have a great group of Gamers in our community who are willing to support and help us grow the Event each year. We also decided to reach out to some of the non-gaming local businesses to help support the Event in hopes that we will draw additional people to the Event and get them interested in playing games and growing our community even more.

The 24 Hour Marathon has certainly played its part in raising money for the charity and helping to grow awareness of Turner Syndrome, and it has also allowed us to gain new customers and players in our community. We look forward to hosting the Event again next year.

*- Crystal Blanton, The Gamer's Armory*

# the event

<b>8AM</b>	Marathon Players: Let the games begin!
<b>10AM</b>	<b>Event opens to the General Public:</b> Lets play a game!

# marathoners

One of the highlights of the Gamers for Cures Annual 24 Hour Board Game Marathon has always been the marathon players. These are hard core gamers who will play boardgames for 24 straight hours for a good cause. Every one of them has raised or donated a minimum of \$100 to be a marathon player, many of them have raised much more. This year, the event has xx Marathon Players, more than ever before!

## 2014 Marathon Players

# Unpub 5 raffle

Gamers for Cures will be raffling off a DESIGNER TABLE FOR UNPUB 5! If you are a budding game designer, this is the best place on the planet to show off your prototype, get it play tested and get great feedback by publishers and fellow designers. Entering the raffle is easy. Just go to [www.firstgiving.com/fundraiser/gamersforcures](http://www.firstgiving.com/fundraiser/gamersforcures). For every \$10 donated you will have one entry into the drawing. Just simply put UNPUB in the comments field when you sign up.

# thank you

Turner  
Syndrome  
Society  
of the United States

Gamers for Cures and The Turner Syndrome Society would like to thank all of the volunteers and sponsors who helped make this event a success.

Most of all we would like to thank YOU, the participants, for attending, donating, buying raffle tickets or baked goods, or participating as a marathon or overnight player. We greatly appreciate your support of the 4th Annual 24 Hour Board Game Marathon.
